Subject: Meeting and Tour Regarding Water Treatment Technologies

Dear Mr. Yamamoto and Dr. Sakaji:

This is to confirm the meeting and tour at Aerojet's Sacramento facility at 3:00 PM, Friday October 15, 1999. The agenda will include a tour of Aerojet's perchlorate treatment facility using biological methods and a meeting to discuss requirements for demonstrating the potability of treated water using the treatment train proposed for the BPOU. I have left a message for Bert Ellsworth regarding this meeting and am hoping that he can join us.

I have enclosed a map showing the route to the site from Sacramento. We look forward to seeing you this Friday.

Sincerely,

Donald E. Vanderkar
Director, Environmental
Restoration Programs
